# Puregenix

Puregenix offers personal care products to its users with its long years of knowledge and experience. Puregenix' product range includes baby towels, make-up removal wipes, wet toilet paper, antibacterial wet wipes, surface disinfectants, hand and skin antiseptics and other cosmetic and cleaning products. It allocates most of its production capacity for export to world countries. The products, for which quality controls are made at every stage of production, are produced with high quality in accordance with ISO 9001 and GMP standards based on a Total Quality Management approach. Puregenix aims to serve the cleaning and hygiene sector for many years by developing quality, innovative products that meet the needs of the consumer and to be the pioneer of the sector by adding new products to its product range.
